How Unique — and Trackable — Is Your Browser?

Your browser fingerprint **appears to be unique** among the 1,003,820 tested so far.

Currently, we estimate that your browser has a fingerprint that conveys **at least 19.94 bits of identifying information**.

The measurements we used to obtain this result are listed below. You can read more about our methodology, statistical results, and some defenses against fingerprinting in [this article](#).
